Brand New Book ***** Print on Demand *****.Conceptual Science Fiction: Science-Fiction that contains elements not needing immediate justification; Elements used and themes contained therein exist simply because they should. This particular series of stories will be broken down into several volumes, ultimately comprising the anthology known as Our Amplified Earth. All events occur in the same universe, albeit in different time periods and locations. Each story can shed light on another, with all stories finally combining to serve as a spyglass into a universe of both my design and manufacturing. Amplify: [am-pluh-fahy] (v) 1. To make larger, greater, or stronger. In 2015 The UN takes notice of the inability of its member states to properly govern their people. Riots, protests, and political assassinations have led up to a catastrophic event in the 53rd state, the San Francisco Bay Area, which forced the UN to step in. Now the war is over and countries loyal to their UN membership have recovered and are on the rise. This anthology tours the globe, giving readers insight into the bizarre goings-on now that 70 of the planet lives under one government. Plant hybrids, masked gangsters, time travel, super science. All stories in this series connect and shed light on each other. Episode 1: Hijo De Xavier (Javier) Manolo is a young man living in the post-war paradise of Mexico City, the capital of the Mexican Empire. Xavier El Burro is the imposing titan who brought lucha libre back to a war-weary Mexico and won the hearts and minds of the entire population. It is through this lucha libre, however, that Xavier is using his money from hybridized narcotics to pull the marionette strings necessary to search for a rumored...
