

The River and the Star: The Lost Story of the Great Explorers of the Better World

Filesize: 6 MB

Reviews

This publication is definitely not simple to begin on studying but quite fun to see. It really is full of knowledge and wisdom I am just effortlessly can get a satisfaction of studying a created pdf.
(Alfreda Bradtke)

THE RIVER AND THE STAR: THE LOST STORY OF THE GREAT EXPLORERS OF THE BETTER WORLD

Benjamin Franklin Press. Paperback. Book Condition: New. Paperback. 456 pages. Dimensions: 9.0in. x 5.9in. x 1.2in. BiographyHistorySocial Science What makes us good or bad Underlying the violence that tears our world apart is there any way to resolve the raging differences that not only drive power mad political leaders and terrorists, but also the global clash of parents, teachers, religions, and all wars Are there somewhere potentially peaceful and unifying foundations for right versus wrong In this first of six books for his Moral Evolution Cycle evolutionary systems scientist David Loye uncovers compelling answers in the lost story of the great explorers of the better world. Vividly recapturing their lives, works, and times, he tells of how against opposition from authoritarian religions, governments, and social systems, over 200 years the founders of modern social science fought to expand the ability of our species to build better lives and a better world for ourselves. Often controversial, at times widely reviled, the explorers range from Immanuel Kant, Karl Marx, Friedrich Engels, Herbert Spencer, Emile Durkheim and Sigmund Freud to, more recently, Jean Piaget, Erich Fromm, Lawrence Kohlberg, Carol Gilligan, Jessie Bernard, Jean Baker Miller, and Riane Eisler. Particularly striking is Loyes discovery that within their often radically different works lies the gradual uncovering of a foundation for right versus wrong that we customarily see as only politically meaningful. What The River and the Star regains is the power of the vision of the deeper and wider moral drive that lies behind the worn phrase freedom and equality. In a tour de force of biography, history, and science, written with the page turning flair of an adventure tale, we see how behind not only our sense of right versus wrong, but every aspect of our lives lies the motivating vision of the Star of...
