Archway Publishing, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Nurses and paramedics pass down intravenous skills to new employees as best they can, but the fine details are often missed or forgotten. Bob Rynecki, a registered nurse and an award-winning paramedic, wrote this guide so you can establish peripheral intravenous lines easily and effectively. Taking a no-frills approach, he delivers the tricks and tips that will enable you to: - become the go-to person for starting difficult IVs; - boost your confidence no matter what your level of experience; - succeed on the first stick - almost every time. Many medical professionals desperately need to learn this basic skill because it s so often overlooked in school. Many students practice starting an IV on an anatomical arm with bulging veins that doesn t mesh with what they most often find at the bedside or in the field. Drawing upon his nineteen years of experience as a bedside critical care nurse and his fifteen years of experience as an EMT/Paramedic, Rynecki shares personal stories and examples that will help you succeed in even the most challenging circumstances. Whether you re a novice or veteran clinician, you ll improve your proficiency at initiating lifelines with The Art of the IV Start.
