One fateful evening, though, Irene discovers a betrayal that undermines everything. One event that, in a literal blink of an eye, changes not only her life, but the future of the entire planet. Now the world is inhabited by people with powers and abilities far above those of mortal men and women. The repercussions of superhuman battles on the Earth are great and terrible as lives are shattered, communities destroyed, and mankind's destiny is plucked from its grasp. At the center of it all is Irene, who not only is one of two people on the planet who knows the cause of this unbelievable change, but is one of the few people who may be able to stop it. The only problem is the only other person who does know will do anything in his vast power to keep the world in its terrible altered state. Who dares to claim the right to choose humanity's fate? What price will Irene pay to be the hero she never wanted to be? In the end, will Earth return to the safety of the mundane or will it remain in the chaos of the superhuman and supernatural?.
