Brand New Book ***** Print on Demand *****.Oracle Hyperion Financial Reporting is the business intelligence and reporting package bundled within Oracle s Enterprise Performance Management software. It provides the ability to report from Oracle Essbase, Oracle Hyperion Planning, and Oracle Hyperion Financial Management (HFM) applications quickly and easily, and also offers a way to build reporting templates for individual execution, as well as FR Books and Batches with dynamic content, prompts, and calculations. Oracle Hyperion Financial Reporting 11: A Practical Guide examines the power of the Financial Reporting software product covering basic operations through to advanced techniques. The book - filled with color screenshots - works through the development of a simple grid, the use of suppression, conditional formulas, functions and formulas, books and batches, and even integration with Smart View. Examples are provided that demonstrate Financial Reporting s capabilities alongside personal insights from the authors experiences of the product. The book is targeted at business and technical users looking to learn report building techniques. As a practial guide, it focuses on the product features, common business techniques, and the information needed, to work effectively,...
